# SHOULD A PUBLIC OFFICE BE MADE A FAMILY AFFAIR?

If elected to the office of City Treasurer, I intend to devote all my time to the duties of this office.

I will not make a family affair of this office as the present City Treasurer has done-he having employed during his term in this office six members of his family connection.

Since an elected County Treasurer is not permitted by Law to succeed himself, and assuming that this law is fair and just, do you think a City Treasurer should be re-elected? If elected City Treasurer, I will not ask for a second term.
